Whilst the BSA makes no warranty or representation and expressly disclaims any warranty or representation, that it will achieve or offer members the lowest market prices or the goods or services in question, it is able to deliver significant cost savings for the vast majority of members who use the service. You are under no obligation to use BSA's approved suppliers, nor will you be locked into a contract (telecoms and utilities excluded). BSA will demonstrate the cost savings first before you decide to progress. BSA will attempt to provide Gloucestershire based suppliers as much as possible but if none are available or price dictates otherwise national firms will be used.
